

LLOYD MATS

Corvette C6 Floor Mat Anchoring Devices

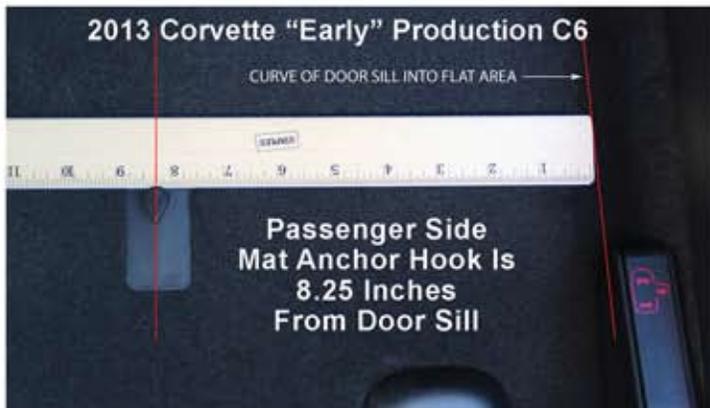

2007 Model Year Corvette

General Motors made a change to the type of floor mat anchoring device installed in the driver and passenger floor areas, mid-production 2007. Images of both devices are shown to the left.

Model Year 2007 Vehicles: Please identify the type of anchor, either POST or HOOK

(all years prior to 2007 have post, all years after 2007 have hook)

2013 Model Year Corvette

General Motors relocated the positions of the mat anchor hooks installed in the 2013 driver and passenger floor areas, mid production 2013.

The most reliable way to identify vehicles with this change, is to measure the Anchor Hook placement of the passenger side floor.

Lloyd Mats refers to these vehicles as "Early" and "Late" Production

Model Year 2013 Vehicles: Please refer to the measurement instructions to the left to determine Early or Late mat fit application.
